

**WORLD WIDE**  
BUILDING SOLUTIONS

# COMPANY PROFILE

## ABOUT US

Through 4 decades Vexcolt has Globally become one of the leading manufacturers of movement and expansion joints. We complement this with our world class Waterproofing, fireproofing, and other specialist lines of products. At Vexcolt we take pride in being your total building protection specialist. We are internationally present with full technical sales and support staffed offices in Singapore, Indonesia, Melbourn, the United Kingdom, Germany, Benelux, the United States, the Middle East, India and Hong Kong. Along with our trusted partners in almost every country globally. Vexcolt is able to assist architects and contractors worldwide with economical and elegant solutions.

## OUR VISION

Provide the Best Technical Solutions and Advice to customers requiring building movement solutions.

## OUR MISSION

### Creative thinking

- Bespoke Product

### Continued product development

- Building designs change so must we

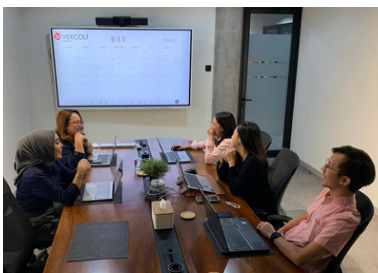

### Competitive pricing

- Setting industry quality standards

### Continued education

- Internal
- External

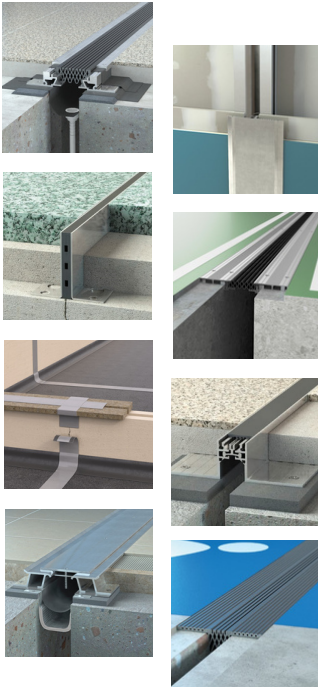

# WHAT WE DO

# OUR PRODUCT

## EXPANSION JOINTS

- **MicrAtec**  
Control joints for floors
- **MaxAtec**  
Frame and single seal expansion joints for floors, walls & ceilings
- **MegAtec**  
Metal expansion joints for floors, walls, ceilings & roofs
- **SeismAtec**  
Seismic pan expansion joint systems for floors
- **FlexAtec**  
Seismic pan expansion joint systems for floors
- **TransAtec**  
Mechanical expansion joints for structures subject to vehicle loads
- **ElastAtec**  
Multi-purpose, highly flexible bandage for walls & roofs
- **AquAtec**  
Waterproofing membrane
- **Fireflex**  
Fire barriers for use with expansion joints

## GUARDIAN SERIES

- **VX Guardian Torch**  
VX Guardian Torch is a versatile torch-on roofing membrane for roofs, gutters, and structures.
- **VX Guardian Acryseal 200**  
VX Guardian AcrySeal 200 is a one-component, water-based coating with acrylate copolymer emulsion, filler, and versatile additives.
- **VX Guardian SA 150**  
The Product is a non-reinforced sheet primarily made of petroleum asphalt, with modifiers such as styrene-butadiene-styrene, and tacky resin.
- **VX Guardian PU BitSeal**  
VX Guardian PU BitSeal is waterproofing system ideally used between slabs to protect them against the penetration and lateral movement of water.
- **VX Guardian C Crystallization**  
Recommended for use in areas such as swimming pools, tunnels, parking lots, etc.
- **VX Guardian EPDM**  
VX Guardian EPDM can be used in ballasted, adhered systems and inverted roofs.
- **VX Guardian PU Pureseal Addictive**  
It enhances polyurethane membrane performance in low or adverse temperatures, boosting mechanical durability.
- **VX Guardian PU PureSeal Top Coat**  
Suitable for coating protection for traffick deck.
- **VX Guardian PU Topcoat**  
This material is formulated for coating Balconies, Traffic ramps, car park decks, etc.
- **VX Guardian Torch Primer**  
VX Guardian Torch Primer can be aloused as a protective coating for built-up roofing systems and on a wide variety of surfaces such as concretes, brick, etc.

# OUR PRODUCT

## GUARDIAN SERIES

- **VX Guardian PU AcrySeal**  
VX Guardian PU AcrySeal for Floor slab, roof, steel roof, outer wall, and gutter.
- **VX Guardian C Flex Series (30,75,100)**  
Designed to coat concrete for waterproofing in wet areas such as toilets, bathrooms, kitchens, etc.
- **VX Guardian NE Pure PU**  
VX Guardian NE Pure PU can apply to Basement, Waterproof engineering of washroom, kitchen, balcony, waterpool, parking lot etc.
- **VX Guardian PU Pureseal Primer**  
Increase adhesion on on concrete, mortar, or ceramic tiles supports.
- **VX Guardian PU PureSeal**  
VX Guardian PU PureSeal for application Increase adhesion on on concrete, mortar, or ceramic tiles supports.
- **VX Guardian SC Crystallization**  
Application Area for Basement Walls, House walls & Roof decks, Tunnels and subway constructions, Parking areas, Water structures and reservoirs, etc.
- **VX Guardian TPO**  
VX Guardian TPO is a rapidly growing eco-friendly roofing material, offering long-term waterproofing and recyclability

## SAVIOR AND GROUT SERIES

- **VX Carbon Prime**  
Recommended for structural surfaces at room temperature for strengthening and retrofitting.
- **VX Carbon Saturant**  
Epoxy resin system compatible with Vexcolt reinforcements for strengthening and retrofitting existing concrete.
- **VX Fireflex R120 EP**  
VX Fireflex R120 EP is a two-pack (2K) solvent-free fire protection coating for protecting indoor and outdoor steel sections and steel structures.
- **VX Carbon Master 300**  
300 GSM – Uni-directional Woven Carbon Fabric
- **VX GroutMaster Series (50, 60, 70)**  
Designed to fill permanent voids, such as beneath critical machine base plates, holes in concrete structures, beneath beam support plates on bridges, etc.
- **VX Savior Bondpaste EP**  
VX Savior Bondpaste EP system is recommended for room temperature curing.
- **VX Savior Multi – EP**  
Can be used as liquid filled Structural crack, Primer for both Waterproofing and Flooring Products and Epoxy Paste with additional of Filler.
